

News from the European Platform on Learning Mobility in the youth field

The EPLM has a new co-ordination office

The year 2014 has seen the transition of the co-ordination of the EPLM from Transfer e.V to the EU-CoE youth partnership. The EPLM is thankful for the work done by the team of Transfer e.V and for making the founding steps and developments of the platform possible.

The transition of the coordination of the EPLM also means that the website of the platform is now accessible through two different channels:

www.learningmobility.eu, which will redirect you to the [website of the EU-CoE youth partnerships](#), where you can find us under activities, youth works, EPLM.

The person in charge of the EPLM in the EU-CoE youth partnership is Davide Capecchi. Feel free to contact him on davide.capecchi@partnership-eu.coe.int

A new type of News!

Rather than a trimestral newsletter gathering information about events or publications on learning mobility in the youth Field that you very often receive through other news and media, the EPLM has decided to have only one or maximum two yearly newsletter, informing you about what is going on in the EPLM. So, here we go!

The EPLM's Steering Group welcomes new members!

The EPLM transition period has also been an opportunity to rethink the composition of its [Steering Group](#) and how to ensure having a widest representation of stakeholders active in learning mobility in the youth field. The Youth

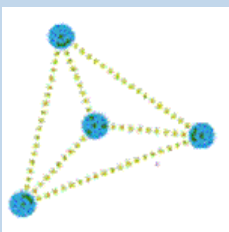

Regional Network of the Assembly of European Regions (AER), the European Youth Information and Counselling Agency (ERYICA), the European Youth Card Association (EYCA) and Eurodesk have joined the Steering group

and we once more warmly welcome them!

The next meeting of the Steering Group will take place on 5-6 may 2015.

Dear reader,

It has been almost a year since you have received news from the EPLM. One year which paved the way to a number of changes that we are very happy to share with you today.

STAY TUNED!! The EPLM's 2015 Conference is coming!

During its last meeting in Istanbul on 30-31 October 2014, the Steering Group of the EPLM has decided that the next EPLM conference will take place on 7-9 October 2015 in Istanbul, Turkey.

The conference '*Learning mobility in the youth field: towards opportunities for all - evidence, experience, discourse*' will explore the links and the synergies between learning mobility in the youth field and inclusion. It will be articulated around six main sub themes: Impact (evidence, experience, and testimonies); Recognition; Motivation for learning mobility; Information and guidance on opportunities for learning mobility; Quality of learning mobility. These six themes will be discussed through keynotes, workshops and panels.

The conference will be organised by the Turkish National Agency of the Erasmus +/Youth in Action programme, the Centre for European Union Education and Youth Programmes in co-operation with different organisations and bodies and supported by the EU-CoE youth partnership.

You want to share an information, and publication? Get involved!

The change in the approach of the EPLM newsletter does not mean that we are not anymore strongly committed to relay information about events, studies and other types of publications related to learning mobility in the youth field.

Should you wish to share something, please get in touch with us! The EU-CoE youth partnership website offers the possibility to either [add events to its calendar](#) or to [contribute](#) with documents and information.

Thank you for reading us and for your support!

The team of the EPLM.
