

*Youth in 2020 –
the Future of Youth Policies*

Observations and reflections

Søren Kristensen

Rapporteur

The empirical basis of policy-making in the field of youth

”Without the data, you’re just another guy with an opinion”

Comparing and contrasting

Are we comparing apples and pears?

Good practices

”Examples of good practice” or
”good examples of practice”?

Challenge to the panel:

”Desperate times require desperate measures” – more of the same or new pathways?
