**INCLUSIVE SCHOOLS**  
**MAKING A DIFFERENCE**  
**FOR ROMA CHILDREN**

INSCHOOL Stocktaking Conference - 28 June 2021

Improving the relationship with students, parents  
and local authorities  
**Celebration Diversity Week**  
**Baptist Church**

# Adventist Church

# Roma children and parents

Restoration of the yard, fence and the school gate with help from local authority and the parents of our children

The fence

# The gate

... and the school yard.

We made  
a toilet for  
people  
with  
disabilities.

We began  
to listen  
the  
students'  
voices...

# We start to train our teachers

Parental education

# Use of online educational platforms and resources

# Multicultural education...

... and more.

We make school exchanges with all the school from our project

Chitila School

# N. Titulescu School - Buzau

# Cilibia School - Buzau

and all the others school...

# Remedial activities with students to increase the pass rate at national assessments

We did an activity in which the better students helped the weaker students to prepare their lessons for the next day.

# Peer to peer program

We carried out activities to motivate students to reach their full potential

To encourage competition the top five students went to the theater - The Life and Death of Richard II - W. Shakespeare

# Sleigh competition for students at risk of dropping out of school

Students who return to school will receive as a gift the sleds used in the contest.

# Fishing contest for students who have a lot of absences

Students who will have the fewest absences will receive a fishing rod as a gift.

For the next school year we are trying to find new activities to make students not drop out of school.

We are a family and...

...we don't leave anyone behind.
