### EXPERIENCES OF ANTIGYPSYISM

### Young Roma are heavily **EXPOSED TO ANTIGYPSYIST** attitudes and **PRACTICES**.

I observed and I encountered discriminatory words, behaviours or gestures directed at Roma

I have encountered racism while attending school/ university

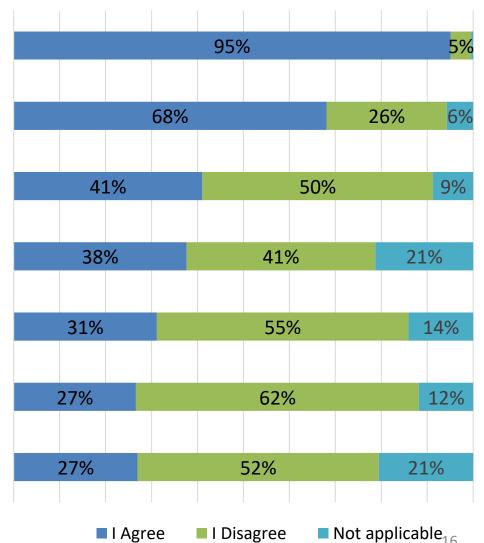

I have been singled out in class and treated differently than other students because of my ethnicity

I encountered discrimination while looking for employment/jobs

I feel strongly disadvantaged in relation to the non-Roma youth (i.e. in society in general, at school)

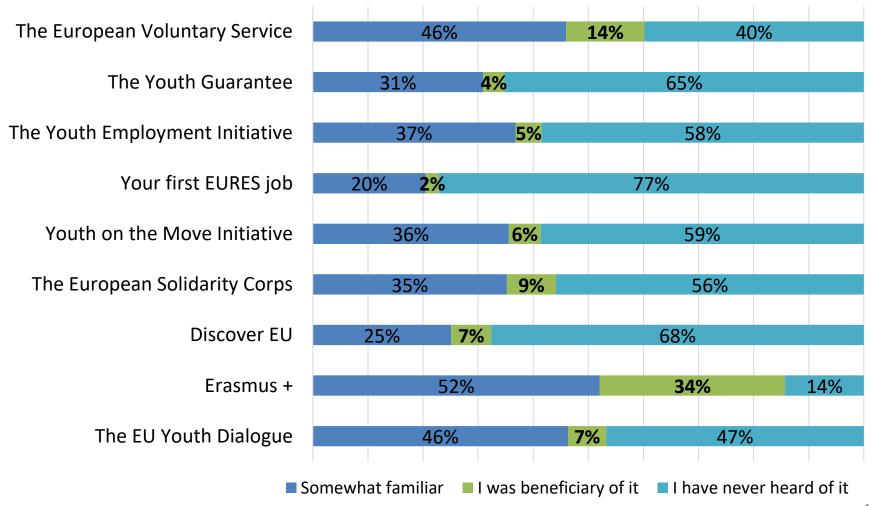

I choose not to identify myself as a Roma in certain situations

I was denied entry to clubs, bars, sports and cultural events because of my ethnicity

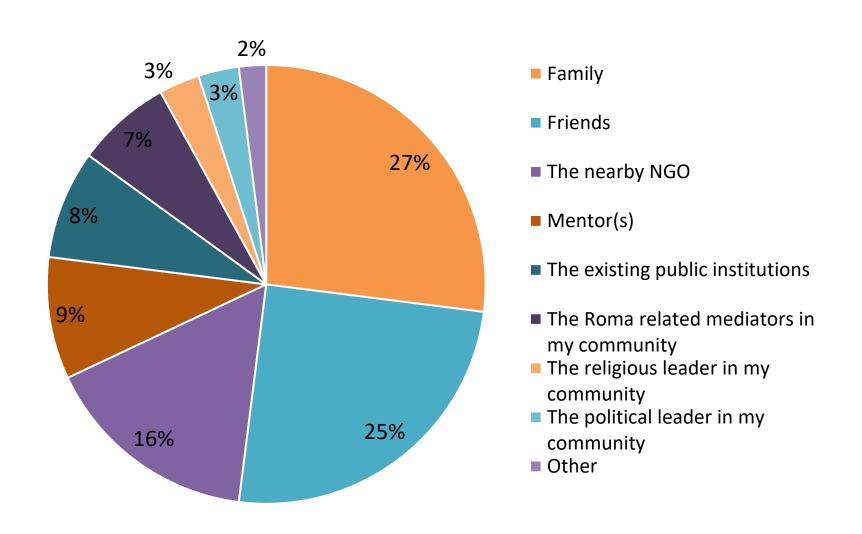

#### ROMA YOUTH AND EU YOUTH PROGRAMS

### Roma youth **DO NOT BENEFIT FROM THE EU PROGRAMS** targeting youth.

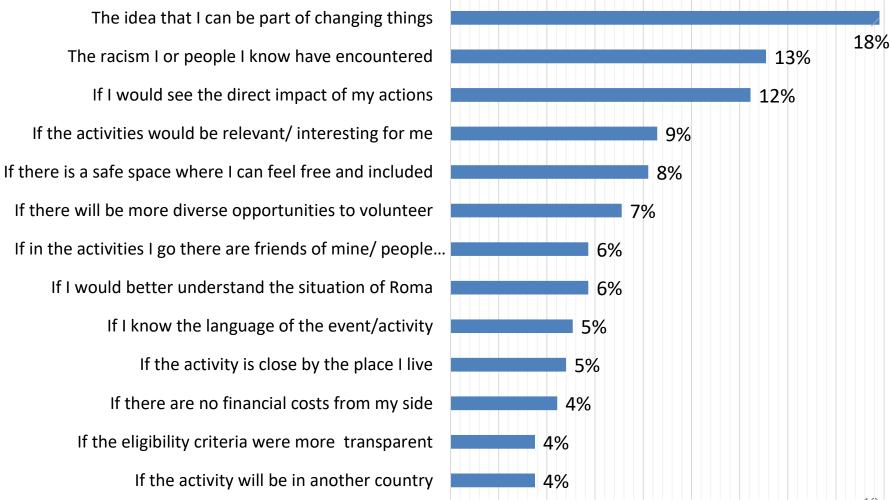

### WHO DO ROMA YOUTH TURN TO FOR SUPPORT

Young Roma are turning to their **FAMILIES**, **FRIENDS** and the nearby **NGOs** for support.

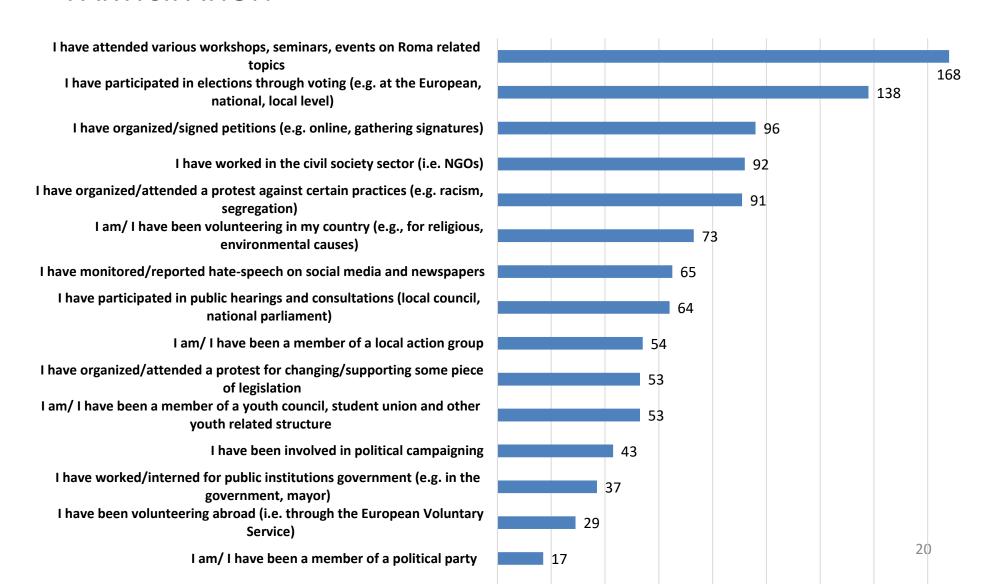

# WHAT MOTIVATES ROMA YOUTH TO PARTICIPATE IN PUBLIC LIFE

Most young Roma participate to be part of CHANGING THINGS and to FIGHT AGAINST THE RACISM they or people they know have encountered.

#### FORMS OF ROMA YOUTH PARTICIPATION

Roma youth are **ACTIVE** citizens who are **HIGHLY INVOLVED** in the civic and political lives of their communities.

## WHAT OBSTRACTS ROMA YOUTH PARTICIPATION

THE LACK OF SPACE FOR ROMA YOUTH IN MAINSTREAM YOUTH STRUCTURES

THE LACK OF TRUST BY YOUNG PEOPLE IN STATE AND PUBLIC INSTITUTIONS

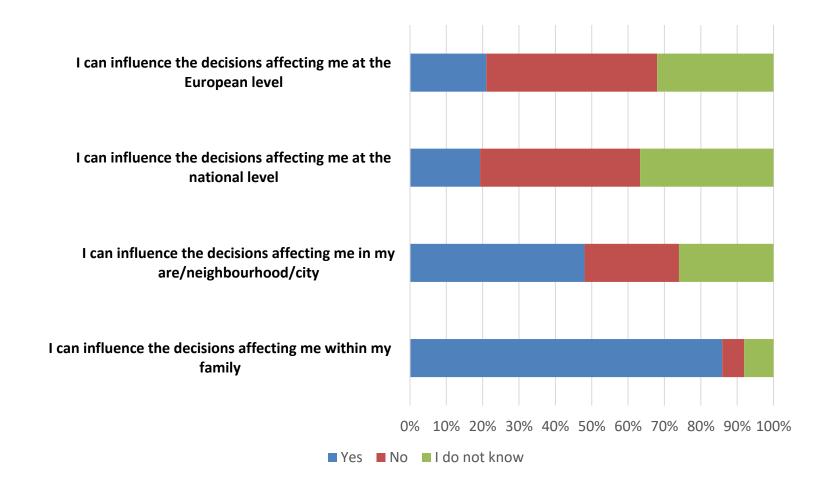

NEGATIVE SOCIAL ATTITUDES TOWARDS YOUNG PEOPLE IN GENERAL

**INSUFFICIENT RESOURCES** 

THE MINIMAL POWER GIVEN TO YOUNG PEOPLE TO INITIATE CHANGE

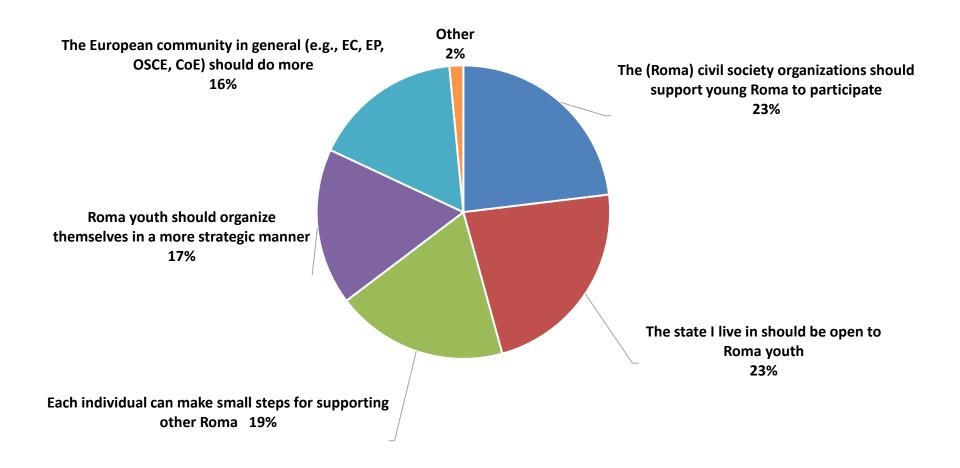

# ROMA YOUTH PERCEPTION OF THEIR INFLUENCING POWER

Young Roma people feel that they CAN INFLUENCE the decisions that affect them personally, but they feel DISTANCED from decisions that affect them at NATIONAL AND EUROPEAN LEVEL.

# WHO SHOULD BE DOING WHAT TO HELP YOUTH GET PUBLICLY ENGAGED

Most young Roma people expect CIVIL SOCIETY ORGANIZATIONS and their NATIONAL GOVERNMENTS to support young Roma.

Roma youth as a target group has **NOT** been systematically **CONSIDERED** in international, European, and national strategies and frameworks.

The limited Roma politics and mainstream **YOUTH POLICIES HAVE FAILED** to address the voice, presences, needs and concerns of Roma youth. Young Roma are excluded from transnational and national youth structures (e.g., from National Youth Councils) and are not adequately represented and involved in Roma structures and civil society organizations.

There are **LIMITED OPPORTUNITIES** and awareness raising, learning and training, employment/traineeship and funding for young Roma.

**ANTIGYPSYISM** has a long-term impact in diminishing Roma youth confidence, and in setting higher aspirations by Roma youth for themselves, but it can also determine the **SELF-EXCLUSION** of Roma youth from society.

Youth Against Antigypsyism: Roma youth participation in mainstream youth structures

2023

### Research context: YAG project & YFJ Resolution on Roma youth 2020

 2020-2023 YJF Strategic Plan includes priorities such as the inclusion and diversity of marginalised and vulnerable communities

 2020 YFJ Resolution on combating antigypsyism and the inclusion and equal participation of Roma youth resolves to address participation of young Roma i.e., to ensure and support that Roma youth is addressed in both European and national mainstream youth policies, and that the equal participation of Roma youth organisations is strengthened

The **Youth Against Antigypsyism** (YAG) project aims to develop the capacity of young Roma and non-Roma individuals and NGOs on combating antigypsyism and promoting Roma youth participation in mainstream structures, youth policies and strategies relevant to Roma on the national and international levels.
