1 Information services

1.1 Legal framework of the youth information service

The development of youth service is foreseen in National Youth Strategy which is elaborated at each 4 years.

1.2 Youth information points at national and regional level

At national and regional level:

Centres of Youth Resources (72)

Centres for children and youth rights (no statistics for the last year)

Youth friendly clinics(12)

Centres of business consultancy(no statistics for the last year)

Business incubators (only national level)(2)

Centres for human rights(3)

Youth media centres(1 one at national level, the present youth strategy foresees the extension of the number all around the country)

Youth video centres

1.3 Please list the specialized areas covered by youth information in your country (going beyond the general youth information, such as career guidance)

Vocational orientation

Labor market

HIV/AIDS

Health assistance

Youth exchange

Human rights

Business and economic empowerment

1.4 Youth portals: (Number on national and regional level; contents of information delivered; URL's)

No information available

2 Access for young people

2.1 Number of young people using the information services (i.e. number of contacts with young people)

In Republic of Moldova there are 100.000 young persons aged 15-29.

Now only a half have full access to information services, and most from urban areas.
The National Youth Strategy 2009-2013 foresees the extension of youth information service.

2.2 Is there any mobile information service?

No mobile information service

3 Ensuring quality of information

3.1 Please list the places (training centres, universities, etc.) where you can get training and knowledge on youth information

State University of Moldova www.usm.md

Academy of Economic Studies www.ase.md

Institute for Democratic Studies <http://www.viitorul.org/index.php?l=en>

National Youth Resource Centre www.youth.md

National Centre for Youth Workers www.youth.md

Centre for Human Rights www.credo.md

3.2 What are the quality standards applied in youth information in your country (e.g. ISO 9000 Series, [ERYICA charter](#), national standards etc.)

National Standards

3.3 What existing monitoring systems are there on quality of information dissemination?

Each national system has in its charge services.

4 Participation of young people in information:

1. Youth networks web site (youth councils, NGOs, associations have a common web site for information dissemination)
2. Youth newspapers, now exist 77 school newspapers elaborated and disseminated by young person, student newspapers in each university
3. School radios, programmes created and broadcasted by young persons
4. Voluntary activities: young persons are involved in different social and information campaigns, out-reach activities etc.
5. Network peer to peer educators which unfolds different information activities on health issues etc.
