

Mobility spaces – learning spaces

Conference of the European Platform on Learning Mobility in the Youth Field, 20-22 March 2013, Berlin

DESCRIPTIONS OF THEME TRACKS

| Title |
|--|
| Competences and training |
| Scope, aim and objectives |
| <p>One of the key objectives of learning mobility schemes and projects in the youth field is to promote and contribute to the personal and professional development of young people with a particular focus on competence development.</p> <p>Hence, the aim of this workshop tackling competences and training under learning mobility is two-fold: to analyse and examine the training needs and approaches in preparing/training actors involved in learning mobility projects (students, professors, high school teachers, youth workers, participants, etc) and to pay a particular attention to the quality of the pedagogical/educational approaches as well as of the training mechanisms.</p> <p>The objectives are:</p> <ul style="list-style-type: none"> - To look at the main actors involved in training in a learning mobility context; - To examine the different phases and steps in training for/on learning mobility schemes and projects; - To look at the specific competences needed and developed; - To identify further steps to improve the quality of training in a European learning mobility context with a focus on strategic initiatives such as the European Training Strategy of the Youth in Action Programme; - To explore existing manual and support material for training in learning mobility schemes and projects. |
